

EAST TEXAS CHAPTER – I. C. C.

MEMBERSHIP APPLICATION FORM

The East Texas Chapter – I. C. C. invites you to be a member of our association. Our objectives are primarily to:

Place the public welfare above all other interests. Strive to benefit the citizens of East Texas through the application of our special knowledge and skill by providing buildings through uniform code enforcement, and to enhance the image of inspectors through the free exchange of information and the application of our special knowledge and skill by providing better building ideas, thereby providing well informed and qualified inspectors.

These objectives are strived for through the interaction of active and associate members, as a group, and as individuals through attendance at monthly meetings. The achievement of these goals is as much to the benefit of product suppliers, contractors, and sub-contractors as they are to building inspection personnel. The Association can serve best by having a good cross section of these professions as members so they may all include their knowledge, attitudes, and interests in the interaction of the Association.

Please fill out the application below and mail it with your check for \$50.00 to the address shown. After receipt, you will receive a membership card, be added to our membership list, receive notification by e-mail of meeting dates and locations, and by mail of the 2-day seminar, as well as receive CEU's for meeting and seminar attendance.

*Dues are for calendar year January 1st to December 31st.
Make checks payable to East Texas Chapter – I. C. C.*
